

**ACCENTPLUS GIMBAL DOWNLIGHT FOR 1 X LED GU10 90X90MM CUTOUT  
FRONT BULB ENTRY ±30° TILTABLE 365° ADJUSTMENT**

ILD90N015

AccentPlus Gimbal downlights are the perfect cost-effective solution for retail environments. They take virtually every GU10 or MR16 bulb on the market as well as Integral LED's light modules for a more powerful light output (see related products below). For installations where perfect colour rendering is required, we recommend our high CRI GU10's. The fitting is 30 degrees tiltable in both directions and the light beam can be further fine-tuned by placing the inner ring at the required position through 365° on the horizontal plane. Bulb replacement is also simple and quick, with the inner ring being removable from the front face of the fitting, rather than having to remove the whole fixture from the ceiling.

**Details**

<b>Quick Order Code:</b>	935446
<b>Barcode:</b>	5055788279525
<b>Category:</b>	Downlights
<b>Range Name:</b>	AccentPlus Gimbal
<b>Product Body Finish:</b>	White bezel, black reflector
<b>Market Segment:</b>	Commercial indoor
<b>Features:</b>	365° adjustable
<b>Fixed/Tilttable:</b>	Tilttable
<b>Warranty (Years):</b>	3
<b>CE RoHS:</b>	Yes

**Physical Data**
