

ACCENTPLUS GIMBAL DOWNLIGHT FOR 2 X LED GU10 170X90MM CUTOUT FRONT BULB ENTRY ±30° TILTABLE 365° ADJUSTMENT

ILD90N016

AccentPlus Gimbal downlights are the perfect cost-effective solution for retail environments. They take virtually every GU10 or MR16 bulb on the market as well as Integral LED's light modules for a more powerful light output (see related products below). For installations where perfect colour rendering is required, we recommend our high CRI GU10's. The fitting is 30 degrees tiltable in both directions and the light beam can be further fine-tuned by placing the inner ring at the required position through 365° on the horizontal plane. Bulb replacement is also simple and quick, with the inner ring being removable from the front face of the fitting, rather than having to remove the whole fixture from the ceiling.

Details

Quick Order Code:	458812
Barcode:	5055788279532
Category:	Downlights
Range Name:	AccentPlus Gimbal
Product Body Finish:	White bezel, black reflector
Market Segment:	Commercial indoor
Features:	365° adjustable
Fixed/Tilttable:	Tilttable
Warranty (Years):	3
CE RoHS:	Yes

Physical Data

Product Length (mm):	185
Product Depth (mm):	29
Product Width (mm):	100
Product Weight (g):	310
Material:	Aluminium
Cut Out Length (mm):	170
Cut Out Width (mm):	90
Bulb or Luminaire Shape:	Rectangle
Luminaire Fixing:	Recess mounted
Placement / Application:	Indoor, General Lighting
